

Non-Violent Crisis Intervention – Initial Training

Target Audience:	Office Staff, Para-professionals, Teachers, Counselors, School Psychologists, and Administrators
Date:	September 18, 2020
Time:	9:00 A.M. – 2:00 P.M.
Location:	Zoom Meeting

Staff will learn to recognize and respond to the stages of an escalating crisis and evidence-based techniques to appropriately de-escalate. VIT is based on the latest principles of adult learning with an emphasis on techniques that can be immediately used by your entire staff.

- CPI Verbal Intervention™ Training is a blended **delivery program**, with **online learning** and **other virtual learning components**.
- Includes many Nonviolent Crisis Intervention® models and concepts, but with **simplified language**.
- In keeping with the **latest research**, we've introduced a discussion of **nonrestrictive (hands-off) interventions, versus restrictive (physical) interventions**.
- **Discussions** of fear and anxiety are **woven into** Verbal Intervention™ Training's introduction.
- **Greater emphasis** on the connection between the Crisis Development Model™ and the other key CPI Models to create a better learning experience.
- An **early emphasis** on staff responses and the impact they have on a crisis for faster recognition and buy-in.
- **Knowledge checks** for reflection and retention can be found in each module.
- interweaving of new **evidence-based insights** and **terminology**.

Attendees must complete the on-line portion of training prior to participating in the zoom meeting and provide their mailing address where booklets will be sent
